## How Students Benefit from Student Self-Service

Our free **Student Self-Service** allows your students to obtain secure access to their enrollment and student loan information, including enrollment verification certificates, at no charge. Students at participating Student Self-Service schools can enjoy the convenience of performing important tasks on demand 24/7 without having to visit or call the registrar or financial aid office.

If you participate in our **Transcript Ordering** service, we will add it to your Student Self-Service menu, enabling your students to quickly order transcripts and track their orders.

In addition to **enrollment certificates**, you can offer your students the option to print **Good Student Discount** and **Advanced Registration** certificates.

Students can view all the **enrollment verifications** performed on their behalf for student service providers.

### Our Custom Fliers Help You Promote Your Student Self-Service!

The Clearinghouse can provide you with a professionally designed custom flier to promote your Student Self-Service — in your school colors and with your logo. You'll receive a high-resolution PDF file that you can distribute via email and/or print and hand out on campus.
