Introduction

This guide, file layout, and data definitions are designed to be used by educational institutions and their Student Information System vendors to facilitate their use of the Enrollment Reporting Service offered by the National Student Clearinghouse (Clearinghouse). This material was developed based upon the July 23, 2014, Department of Education (ED) release of the NSLDS Enrollment Reporting File Layout and guidance provided by ED through that date. ED's July 23 version contains several new data elements pertaining to their new reporting regulations that are related to the reporting and calculation of loan eligibility related to the 150% Rule. In addition to the data elements stipulated by ED to satisfy their reporting requirements, the Clearinghouse has added some optional data elements that can be utilized to enable future compliance reporting and research capabilities.

The Clearinghouse file layout includes these added ED fields, effective July 2014, which are:

- Student Phone Type
- Preferred Phone Flag
- Student Phone Country Code
- Student Phone Number
- Reserved Field for Move TO OPEID
- Program Indicator Flag
- Program CIP Code
- CIP Year
- Program Credential Level
- Published Program Length
- Published Program Length Measurement
- Weeks in Title IV Academic Year
- Program Begin Date
- Special program Indicator
- Program Enrollment Status
- Program Enrollment Status Effective Date

The optional fields added by the Clearinghouse to the file layout are:

- Veteran's Status Indicator
- Reserved Field for CommIT ID
- Pell Grant Recipient Flag
- Remedial Flag
- Citizenship Flag

Please follow these steps in developing and testing your programming:

- If you have a third-party student information system, check the Enrollment Reporting Service Software Vendors list in Exhibit I to see if your software provider offers an interface that can automatically extract Clearinghouse data in the correct format for you.

For assistance, contact implementation@studentclearinghouse.org.

- Read this guide and all exhibits thoroughly.
- Before you begin programming, contact your Clearinghouse New Service coordinator to address any issues or questions.
- Before writing any programming, draft a functional requirements document in plain English of your enrollment system requirements, see the sample in Exhibit V.
- Write the program code based on your functional requirements document.
- Send the Clearinghouse an initial enrollment data file via our secure FTP server (see Exhibit IV for instructions).
- Upon receipt of your file, the Clearinghouse will perform a variety of edit checks and contact you with the results and/or questions. If your code requires modification, you should submit a new data file to the Clearinghouse.
- Once all questions and discrepancies are resolved, your enrollment data will be loaded into our database. We will conduct a brief start-up call to confirm the role the Clearinghouse will play and review how the Clearinghouse Web site can be optimally utilized by you and your staff.

For assistance, contact implementation@studentclearinghouse.org.

Which Student Populations Should Be Reported?

All students who are or were enrolled in the current term, including those who are:

- In continuing education
- Taking no classes, but preparing a thesis or dissertation
- Studying at another school under a consortium arrangement, but for whom you are the home school. You should include all of the student's credit hours in your status calculation, including courses at the away school
- Studying abroad under a school-sponsored program
- Enrolled, but not pursuing a degree or certificate
- Attending any other special program that qualifies as enrolled for purposes of the Federal Family Education Loan Program (FFEL and Direct)
- Students for whom you do not have a valid Social Security number on record
- Foreign students to whom you have assigned alternate numeric identifiers
- High school students who are receiving Title IV Aid

Do NOT include:

- Medical students who are in internship or fellowship programs
- Consortium students for whom you are not the home or degree granting institution (these students are frequently noted on the student information system as visiting students)

If your school maintains student records under multiple OPE IDs¹ or branch codes (commonly called school codes), you should run a separate report for each OPE ID or branch code combination. For example, you would run one report for the medical school and one report for all other students.

If your school maintains student records under a single OPE ID but has academic programs with different terms or mandatory attendance periods, consult your Clearinghouse Implementation Coordinator. Medical schools, for instance, often have very different attendance periods than undergraduate schools. We may recommend that a separate data file be generated for each academic program and differentiate them using a Clearinghouse assigned branch code or the official branch code.

When Should the Status Start Date Be Provided?

At the campus level, do not report a status start date for full-time students. Our system automatically sets the start date as the beginning of the first term in which the student was reported as full-time.

If a student is enrolled three quarter-time (Q), half-time (H), or less than half-time (L), follow these rules to determine whether a start date should be provided:

- If the student was in a higher status and dropped to a lower status during the term, provide the date the student dropped to the lower status as the status start date.
- If the student was in a lower status and increased to a higher status during the term, do not provide a start date.
- Always report the status start date if the student has a non-enrolled status, such as graduated (G), deceased (D), withdrawn (W), or is on an approved leave of absence (A). Report the date stored on your school system that indicates the date the student's status change was effective.

Program Status Effective Dates must be provided for all program statuses reported (including Full time) on every file submitted.

- In the event a student's status changes during the course of the program, please provide the date of that change, and continue to report that date until the next change in status.

How Can I Tell If a Student Changed Status During the Term?

If your enrollment system has separate fields for status and change of status date, you will need to determine if the change of status date is in the current term. If it is, you should report it in the status start date field using the guidelines provided above in "*When Should the Status Start Date Be Provided?*"

What if My Enrollment System Does Not Have Separate Status and Status Change Date Fields?

If the status of a three quarter-time, half-time, or less than half-time student is higher during the current term, compare the current status to the one you last reported to the Clearinghouse (**you should save a data file of each report you send us**). If the student's status did not change, leave the status start date field blank (filled with spaces).

If the student's status is lower (e.g., went from full- to three quarter-time, half-time, or less than half-time or from three quarter-time to half-time or less than half-time, or half-time to less than half-time), you need to determine the date the status changed. You can do this by reviewing the list of classes dropped by the student. Your program should add all enrolled course credits and then sequentially subtract the dropped credits until the threshold for the current status is passed.

For assistance, contact implementation@studentclearinghouse.org.

Once you have identified the course that lowered the student's status, you should report its drop date as the status change date.

How Do I Provide Anticipated Graduation Dates?

An Anticipated Graduation Date (AGD) is your best estimate of when a student is expected to complete his or her current program of study. If you maintain AGDs in your student information system, report this date.

If you do not maintain AGDs, you should use a simple algorithm to calculate and report them. For example, if undergraduates typically graduate from your school in five years, the best algorithm for you could be:

- If a first-year student, AGD = end of current academic year + four years,
- If a second-year student, AGD = end of current academic year + three years,
- If a third-year student, AGD = end of current academic year + 2 years,
- If a fourth-year student, AGD = end of current academic year + 1 year,
- Else, AGD = end of current academic year.

AGDs must be provided for students with F, Q, H, L or A statuses. Do not provide AGDs for students with W, G or D statuses.

Your program should include a routine to identify and correct AGDs that are:

- Blank and the status is F, Q, H, L or A
- Before the current term end date
- Invalid (e.g., February 30)
- More than 25 years in the future

If the problem AGDs are not corrected, processing your enrollment data file will cause errors that must be resolved before the data can be loaded into our system.

What Is the Directory Block Indicator and How Is It Used?

The Directory Block Indicator (DBI) is used to inform the Clearinghouse when a student has exercised his or her right under the Family Educational Rights and Privacy Act (FERPA) to block the release of his or her name and/or attendance dates to third parties. These data elements are usually included in the definition of directory information at postsecondary institutions. Because this definition can vary by institution, your institutional policy should be reviewed.

If a student requests a block, your student information system would record the request in one or more block fields. Your extraction program should be able to include DBI fields each time a Clearinghouse enrollment data file is created. The DBI field should contain a "Y" for each student who requested a block on his or her name and attendance dates and an "N" for each student who did not request the block.

For assistance, contact implementation@studentclearinghouse.org.

If the DBI is set to “Y” for yes, the Clearinghouse will block all outbound enrollment reporting on the student to all entities other than those in the student loan industry. The Clearinghouse uses the DBI to maintain your FERPA compliance when we report to other schools, on your behalf, about the transfer of their former students to your institution.

How Do I Report Program Level Information?

For any student where the program indicator (detail record space 674) is set to “Y,” information for at least one program must be completed.

If CIP Code is present for any additional programs, all fields for that program must be populated.

If these fields are not populated or conditions for that field are not met, records will be returned to your school for resolution prior to being loaded into the Clearinghouse database.

Program Status Effective Dates must be provided for all program statuses reported (including Full time) on every file submitted.

- In the event a student’s status changes during the course of the program, please provide the date of that change, and continue to report that date until the next change in status.

How Do I Report A Student In Multiple Programs?

If a student is in more than one program, include CIP code for each program in the appropriate field, being sure to provide all additional information for that program. We have provided fields for up to six (6) programs per student.

How Do I Report A Student As Enrolled In One Program, But Graduated From Another?

According to 150 percent federal reporting requirements, when a student completes Program A while concurrently enrolled in Program B, you must report the Graduated (G) status and status effective date for the completed Program A. In order to successfully close out Program A, you must include the program CIP code on the student’s graduated record. If your school uses the Clearinghouse’s “G” from DegreeVerify service, the program-level CIP code must be included in your degree/certificate file.

You should continue to report an enrolled status and additional required information for any other program in which the student continues to be enrolled. Please remember, program statuses are separate from the overall enrollment status, which is used for compliance reporting to lenders, servicers, guarantors, and NSLDS.

How is My Programming Tested?

Once you complete your data extraction programming, you should send us an enrollment file so we can run edit checks against it. Use the secure FTP account that has been set up for your school (see Exhibit IV for instructions).

For assistance, contact implementation@studentclearinghouse.org.

How do I Report Summer Enrollment?

If your institution offers summer courses, you should report summer data to the Clearinghouse. This allows us to accurately track the actual summer withdrawal date of students enrolled in the spring and summer terms who did not return for the fall term.

To report summer enrollment:

- Set the Standard Report Flag (header record position 26 for fixed width or column E for Excel format) to "N" (no).
- If your school uses different thresholds for enrollment status during the summer term (summer terms are generally considered non-compulsory), your system's Time Status Rule Form/Validation Table should be adjusted to reflect the correct statuses (see Exhibit V for an example of how one school made these adjustments).
- Establish term start and end dates for each summer student. Your academic policy may be to report terms as beginning on the first day of the first session of summer classes and ending on the last day of exams of the last summer session or to report the specific term start and end dates for the session(s) that each student attends.
- Report summer term enrollment data at the beginning of the summer term and again at the end. Report student status (e.g., full-time, three quarter-time, half-time, etc.) according to your institution's definitions for summer enrollment.
- Continue to report status start dates for students who experience a decrease in status or withdraw from your institution. If you tell us a student has withdrawn, we will accept the record. However, you should only report official withdrawals and not those of students who withdrew from summer registration.

What's the Difference between Early Registration and Advance Registration?

Early Registration files can be submitted up to 30 days before the beginning of a term, and may be beneficial for students who are continuing at your school in the same status and programs previously reported for the prior term. Data from an Enrollment Reporting (ER) file will be used for NSLDS reporting in the event a roster is received after the ER file and before your First-of-Term submission has been loaded to the Clearinghouse database. For new students or students with a new status or new programs, this could generate SSCR errors due to the "future status start date" or "future program begin or status effective date." Therefore, we strongly recommend if you opt to use ER files that you certify and send them no earlier than the first day of the term. ER files will not do the term-to-term comparison that generates separation statuses and dates, so some schools do find these to be beneficial in the event students do not all start at the same time.

Advance Registration (AR) files can be submitted at any time prior to the beginning of a term and are intended solely for use with Student Self Service (SSS), which makes upcoming enrollment available for SSS certificates. AR data is not considered for compliance reporting, and will not be available after the first day of the term reported.

For assistance, contact implementation@studentclearinghouse.org.

How do I Report Advanced Registration Data?

If you currently participate in Student Self-Service, your institution may want to report advanced registration information (i.e., pre-enrollment data for the next academic term) to the Clearinghouse. This data is beneficial to students who need early verifications for health insurance, computer software discounts, housing verifications, and more. It also frees your staff from performing pre-enrollment verifications. Advanced registration data is available for verification through Student Self-Service until the first day of the term.

Please note: Advanced Registration data is for use with Student Self-ServiceSM only. It cannot be used for compliance reporting or lender/loan deferment verification purposes.

Use your current enrollment reporting software to generate the data file with the following settings in the Header Record Layout. (See Exhibit II, “Data Record Layouts & Report Formats” for additional details regarding the header.) You should use the same instructions that you for your Enrollment Reporting service to report the school code, branch code, academic term, and certification date instructions for your advanced registration data. Because your advanced registration files will be automatically loaded into our database and become immediately available to your students who need pre-enrollment verifications, it’s important that you **make sure that the school and branch codes are accurate**.

We suggest that you ensure any modifications made to your extract program to provide advanced registration data not impact the extract your institution uses to provide enrollment data for compliance reporting.

- Set the record type (header record position 01 & 02 or column A) to P3. (P1 is our original 250-byte record, and P2 is our expanded layout format, but neither contains the additional 2014 data elements.)
- Set the Standard Report Flag (header record position 26 or column E) to “N” (not standard)
- Please ensure that any time status rule or validation table is set to reflect your academic policy regarding how many credits equal full-time, three quarter-time, half-time, and less than half-time for the term you are reporting. For this reason reporting multiple terms is not recommended. Any school wanting to report multiple terms please work with a Clearinghouse Implementation Coordinator at implementation@studentclearinghouse.org.
- Set the Reporting Level (header record position 35 or column G) to “F” (full reporting).

For assistance, contact implementation@studentclearinghouse.org.

Once you have sent your full report, you can send additional records for the same term by setting the Reporting Level indicator in the header to “A” (add). This allows you to add students without overriding previously reported data. If you prefer, you can send in a new “F” (full) report each time to ensure that we have the most current information for each of your pre-registered students.

- You should name your file with your school and branch code and a two-letter extension (00123400.AR). See the General Requirements section in Exhibit II, “Data Record Layouts & Report Formats.”
- Transmit the file using your Clearinghouse secure FTP account. See the Transmitting Files section in Exhibit II, “Data Record Layouts & Report Formats.”

How Do I Report Students Who Have Graduated?

Students who have graduated can be included in your regular enrollment files or on a separate Grads only submission with a G (Graduated) status at the campus and/or program level and the appropriate Status Start Date and/or Program Status Effective Date. This date would generally be the end of the last term the student attended and not the commencement date.

If the student has completed all requirements and is not re-enrolling in your school, you would report the G status at both the campus level and at all programs where the G status is appropriate. In the event a student has graduated from a program and has re-enrolled, you would report a G status and date for **the appropriate program only**.

G from DV is short for Grads from DegreeVerify. If your school reports degree data, and opts into this service, and certain data criteria are met, the Clearinghouse can generate a Graduates Only enrollment file based on the degree data file you’ve submitted. Students’ enrollment records will be updated with a Graduated Status and a status start date equal to the end of the last term in which they were reported.

** There are a number of reasons why a Graduated record would not be generated, see <https://studentclearinghouse.info/onestop/portfolio-item/how-to-report-a-student-as-graduated-at-the-campus-or-program-level/>.

You could also report a student as having graduated via the online lookup/update student record option. Please use the OTHER option to ensure the correct program is updated as well.

Enrollment Reporting Service Software Vendors

If your student information system is listed below, you can easily obtain an interface program from your vendor that will allow you to automatically extract enrollment status information from your student information system in the required Clearinghouse format.¹ Using your software vendor’s Clearinghouse interface will reduce the time your programming staff need to prepare your system for reporting regularly to the Clearinghouse.

If your software vendor is not on our list and you would like us to discuss Clearinghouse programming with them, contact us at implementation@studentclearinghouse.org.

Data Record Layouts & Report Formats

The following are the transmission and data record layout requirements for submitting files to the Clearinghouse for your institution's Enrollment Reporting service in flat file or text tab delimited format. If you are using Electronic Data Interchange (EDI) formatted files, please contact your Clearinghouse Implementation Coordinator at implementation@studentclearinghouse.org for the EDI Transaction Set (190) layout and map.

Transmitting Files

You will use your Clearinghouse secure FTP account to transmit your enrollment reports. Key features of the secure FTP system are:

- Employs an easy-to-use Web browser interface so users can quickly and securely send and receive files.
- Stores files using the U.S. federal encryption standard, FIPS 140-2 validated AES encryption.
- Eliminates the need to encrypt or compress data files or enter complicated FTP line commands prior to file transmission.
- Allows users with automated environments to use no- or low-cost secure FTP clients to exchange files over encrypted FTPS and SSH connections.

General Requirements

- Your data file should contain:
 1. One header record
 2. Individual student detail records
 3. One trailer record
- File Name = School Code and Branch Code with a three letter file extension (12345600.CLR).
- All dates must be valid and formatted as YYYYMMDD (full year, month, day).
- We prefer but do not require that student records be presented in Social Security number order.
- All data fields with alphanumeric characters are stored in our database in uppercase, except for email addresses which are stored in mixed case.
- In the type column of the data record layouts, "N" is used to indicate numeric values and "AN" is used to indicate alphanumeric values.
- Name suffixes (e.g., Jr, Sr, III) have an assigned field. If your system includes them as part of the last name, you should parse the suffix from the last name and move it into the suffix field.
- If using fixed width format: Fields containing no value (aka, "fillers") should be filled with spaces, as indicated in the comments column of the data record layout table.

For assistance, contact implementation@studentclearinghouse.org.

- If using Excel/Tab Delimited format: columns for fields contain no value should be included, but may be left blank.
- Your file should be formatted according to the data element layout in a flat file using trailing spaces/filler to create fixed length records of 1250 bytes or Excel/ Text Tab Delimited records of 109 columns each.
- A variable length file can be created using a tab as the delimiter (i.e., use the tab button after each data element and as a placeholder for each blank field). Each field must be separated with this delimiter, including fields left blank and filler space. Carriage returns or line feeds signals the end of the record.

Questions?

If you have a question or need assistance, contact your Clearinghouse Implementation Coordinator at implementation@studentclearinghouse.org.

Header Record Layout

For fixed width format: Total header record length is 1250 bytes.

For Excel/Text Tab Delimited format: Total Header record length is 8 columns.

Column for Excel Format	Field Name	Length	Start	Stop	Req'd	Type	Comments
A	Record Type	2	01	02	R	AN	Value is "A3" for enrollment data files, i.e., Early Registration, First of Term, Subsequent, Grads Only, and Summer. Value is "P3" for advanced registration data (used by schools active with Student Self-Service)
B	School Code	6	03	08	R	N	Dept. of Education "FICE" code (OPE ID)
C	Branch Code	2	09	10	R	N	School branch code suffix or 00, if none
D	Academic Term	15	11	25	R	AN	Institutionally-defined name of academic term for the reported data (e.g., Fall 2006, 1st Quarter 2006, 1st Semester 2006)
E	Standard Report Flag	1	26	26	R	A	Y= Standard Report, no special handling N= Non-standard report (e.g., early registration, summer terms, graduates only, or advanced registration)
F	Certification Date	8	27	34	R	N	Date enrollment data was certified by school (YYYYMMDD)
G	Reporting Level	1	35	35	R	A	Value for full reporting is "F" Value is "A" for add records (advanced registration only)
H	Filler	1215	36	1250	R	AN	Space fill

The type codes in this document are "A" alpha, "N" numeric, and "AN" alpha numeric.

The "Req'd" column in the layouts displays the required codes in this document, which are "R" required, "C" conditional, and "O" optional. Conditional means that in certain circumstances, the field is required. The file layout or indicated exhibits provide additional information.

EXHIBIT III
Data Element & Status Code Definitions

CAMPUS LEVEL REPORTING

"F" Full-Time*

A student's enrollment in a postsecondary institution (other than a correspondence program) is considered full-time if his/her academic workload constitutes full-time status as determined by the institution using standards applicable to all students enrolled in the same program. The workload can consist of any combination of courses, work experience, research or special studies, whether or not for credit, that the institution considers sufficient to constitute full-time status. A student who is enrolled in a vocational school (other than a correspondence program) and carrying a workload of not less than 24 hours per week, 12 semester or quarter hours of instruction, or the equivalent is considered full-time.

"Q" Three Quarter-Time or More (But Less Than Full-Time)*

A student's enrollment in a postsecondary institution is considered three quarter-time when his/her academic workload is at least three-fourths (75%) the workload of a full-time student, as determined by the institution.

"H" Half-Time or More (But Less Than Three Quarter-Time)*

A student's enrollment in a postsecondary institution is considered half-time when his/her academic workload is at least one-half (50%) the workload of a full-time student, as determined by the institution. A student enrolled solely in an eligible correspondence program is also considered to be a half-time student.

"L" Less Than Half-Time (But Still Enrolled)*

A student's enrollment in a postsecondary institution is considered less than half-time when his/her workload amounts to less than the academic workload of a half-time student, as determined by the institution.

"W" Withdrawn

A student enrolled in a postsecondary institution who has withdrawn, dropped out, failed to re-enroll or been terminated, expelled or dismissed by the institution is considered withdrawn.

"G" Graduated

A student who was enrolled in an eligible postsecondary institution and completed the requirements for graduation or the program of study in which he/she was enrolled is considered graduated.

"A" Approved Leave of Absence

A student who is enrolled in an eligible postsecondary institution and has met the requirements for an approved student loan leave of absence and, therefore, is not required to attend classes for a specified period of time. For purposes of Title IV, HEA program loan borrower, an institution does not have to treat a leave of absence as a withdrawal if it is an approved leave of absence. An approved student loan leave of absence must not exceed 180 days in any 12-month-period. The number of days in a leave of absence is counted beginning with the first day

For assistance, contact implementation@studentclearinghouse.org.

of the student's initial leave of absence in a 12-month-period. If a student does not resume attendance at the institution at or before the end of a leave of absence, the institution must treat the student as a withdrawal in accordance with [CFR 668.22\(d\)](#).

"D" Deceased

Student is deceased.

**Only full-time, three quarter-time, half-time, and less than half-time can be included in your advanced registration data report.*

Definitions for Current Status Start Date

"F" Full-Time Status

Do not report a start date for full-time status. The Clearinghouse assumes that a full-time student's status start date is the first day of the term.

"Q" Three Quarter-Time, "H" Half-Time, or "L" Less Than Half-Time

If the student was enrolled in any of these three statuses *throughout* the term or was in a lower status during the term, do not report a start date. The Clearinghouse will calculate the start date. If the student dropped to any of these three statuses during the term, report the start date as the date the student's status changed.

"W" Withdrawn

When the "W" code is used, the start date is the earliest of these dates:

- Date the student officially notified the school of his/her withdrawal or the withdrawal date specified in the student's written notification, whichever is later.
- Date determined by the school, if no notice is given by the student.
- Date of the last lesson submitted if the student is enrolled in a correspondence program and fails to submit an assignment (using the schedule of lessons established by the school).
- First day of the leave of absence, if a student does not return to school after an approved leave of absence.
- Date of termination, expulsion or dismissal, if a student is terminated, expelled or dismissed by the school.

"G" Graduated

Report the date that the student completed the institution's requirements for graduation, not the date of the graduation ceremony. Usually, this is the term-end date.

"A" Approved Leave of Absence

Report the date that the student began the approved leave of absence.

"D" Deceased

Report the student's date of death (or the date of the notification of the student's death if the actual date of death is not known and cannot be obtained on a timely basis).

Definitions for Class/Credential Level – Student Level

Report each student's class/credential level (as defined by your institution) using the values below. For students pursuing degrees from a combination of programs that cross class/credential-level categories, report the level of the primary program. While the Department of Education only requires that this field be populated for students having a "G" enrollment status, the Clearinghouse *strongly* encourages institutions to populate it for all students.

Doing so improves the accuracy of data validation and makes it possible to distinguish students seeking two-year degrees from those seeking four-year degrees. Populating this field for all students enables the Clearinghouse to improve the various accountability and analytic services it provides to institutions.

Class/Credential levels for graduating and enrolled students:

"C" Certificate (Undergraduate). For students enrolled in or completing undergraduate certificate programs.

"A" Associate's. For students enrolled in or completing associate's degree programs.

"B" Bachelor's. For students completing bachelor's degrees; also for students enrolled in bachelor's degree programs who do not fit into any of the four traditional class levels that are provided below:

- **"F" Freshman** (Bachelor's degree programs only)
- **"S" Sophomore** (Bachelor's degree programs only)
- **"J" Junior** (Bachelor's degree programs only)
- **"R" Senior** (Bachelor's degree programs only)

"N" Unspecified (Undergraduate). Includes students who do not fit in traditional class designations for undergraduate programs (e.g., students taking undergraduate courses but not pursuing degrees).

"T" Post baccalaureate certificate

"M" Master's (Graduate)

"D" Doctoral (Graduate) A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include Ed.D., D.M.A., D.B.A.,

For assistance, contact implementation@studentclearinghouse.org.

D.Sc., D.A., or D.M., and others, as designated by the awarding institution.

“P” Post doctorate (Graduate)

“L” Professional (Graduate). A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as first-professional and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O); Pharmacy (Pharm.D.); Podiatry (D.P.M., Pod.D., D.P.); or, Veterinary Medicine (D.V.M.), and others, as designated by the awarding institution.

“G” Unspecified (Graduate/Professional). Includes students taking graduate-level coursework who do not fit into the other graduate and professional categories (e.g., students taking graduate-level courses who are not seeking degrees).

Definition for First-Time, Full-Time Flag

The “First-Time, Full-Time” flag should be set to yes (“Y”) or no (“N”). Annually, your institution is required to report a “First-Time, Full-Time” cohort to the Department of Education via IPEDS. The methodology used to create the cohort you reported to IPEDS should be used to determine the “First-Time, Full-Time” status for this flag.

Definitions for High School Code

Report the code for the most recent high school attended by the student using the College Entrance Exam Board/ACT (CEEB/ACT) code structure. Enter 960000 for GED recipients and 969999 for home-schooled students.

Definitions for Majors

NCES CIP Codes for Majors: The National Center for Education Statistics Classification of Instructional Programs (NCES CIP) codes associated with any major course of study, if available. If the codes are not available, space fill the fields. (Important: When you enter the code, do not include the periods.)

Major Course of Study 1 and 2 (Required Data Element): The official name of any and all major courses of study associated with the student's degree. At least one major course of study is required. If your institution does not have majors, enter “NOT APPLICABLE” in “Major Course of Study 1” (to indicate to employers that the absence of a value is not an error) and space fill “Major Course of Study 2.”

For assistance, contact implementation@studentclearinghouse.org.

Definitions for Race/Ethnicity*

Report the race/ethnicity provided by the student.

“A” Nonresident Alien: A person who is not a U.S. citizen or national, is in this country on a visa or temporary basis, and does not have the right to remain indefinitely.

“AN” Asian: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

“B” Black, Non-Hispanic: A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).

“IA” American Indian/Alaskan Native: A person having origins in any of the original peoples of North America and who maintains cultural identification through tribal affiliation or community recognition.

“H” Hispanic: A person of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

“HP” Native Hawaiian or Other Pacific Islander: A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

“W” White, Non-Hispanic: A person having origins in any of the original peoples of Europe, North Africa or the Middle East (except those of Hispanic origin).

“TM” Two or More Race/Ethnicity Categories: This category is for students who claim to belong to two or more of the race/ethnicity categories.

“U” Race/Ethnicity Unknown: The category used to report persons whose race and ethnicity are not known.

**The definitions above are from the 2010-2011 [IPEDS race/ethnicity definitions](#).*

Definition for Veteran's Status Indicator

A Veteran is any person who served honorably on active duty in the US Armed Forces.

Definition for CommIT ID

Space is reserved for the PESC Common Identity and Trust Collaborative ID.

Definition for Remedial Flag

Is student enrolled in at least one remedial course for the current term?

Definition for Pell Grant Recipient

Is student receiving Pell funds for the current term?

PROGRAM-LEVEL REPORTING

Definition for Program Indicator Flag

If this field is populated with a "Y," you are required to report enrollment information for at least one program.

Definition for Program CIP Code

Six-digit Classification of Instructional Program code identifying a program's academic content. Do not enter decimal points ("."). Space fill, if not applicable.

Note: If a program CIP is reported, you are required to report all additional information for that program.

Definition for CIP Year

Year in which the CIP codes used by NSLDS were published. The CIP year for the codes currently used is 2010.

Note: If value other than 2010 is present, Clearinghouse edit will automatically default to 2010.

For assistance, contact implementation@studentclearinghouse.org.

Definition for Program Credential Level

Report each program’s credential level (as defined by your institution) using the values below. The credential level of the program.

Values are:

- “01” (Undergraduate Certificate or Diploma Program)
- “02” (Associate’s Degree)
- “03” (Bachelor’s Degree)
- “04” (Post Baccalaureate Certificate)
- “05” (Master’s Degree)
- “06” (Doctoral Degree)
- “07” (First Professional Degree)
- “08” (Graduate / Professional Certificate)
- “99” (Non-Credential Program [Preparatory Coursework / Teacher Certification])

Note: According to new guidelines, Special Program Indicators and Program Credential Levels must “agree” per the following table:

If Special Program Indicator is	Then Credential Level must be
A – Special Admission Associates Degree Program	02 - Associate’s Degree
B – Bachelor’s Degree Completion Program	03 – Bachelor’s Degree
P – Preparatory Coursework Graduate Professional Program	99 - Non-Credential Program [Preparatory Coursework / Teacher Certification]
T – Non Credential Teacher Certification Program	99 - Non-Credential Program [Preparatory Coursework / Teacher Certification]
U - Preparatory Coursework Undergraduate Program	99- Non-Credential Program [Preparatory Coursework / Teacher Certification]

*Any credential level can have Special Program Indicator “N.”

For assistance, contact implementation@studentclearinghouse.org.

Definition for Published Program Length

The length of the instructional program in years, months, or weeks as published by your school. Format “nnnnnn,” with an implied decimal point between the third and fourth digits. Thus, schools should report:

- “000100” to represent a value of one tenth
- “001000” to represent a value of one
- “010000” to represent a value of ten
- “100000” to represent a value of one hundred

Examples:

- A 32 week program would be represented as 032000 with Length Measurement of W.
- A 2 year program would be represented as 002000 with Length Measurement of Y.

Definition for Weeks Program Title IV Academic Year

The total number of weeks of instruction in the program’s academic year. Only report when Published Program Length Measurement is W or M.

Format “nnnnnn,” with an implied decimal point between the third and fourth digits. Thus, schools should report:

- “000100” to represent a value of one tenth
- “001000” to represent a value of one
- “010000” to represent a value of ten
- “100000” to represent a value of one hundred

Note: Per NSLDS guidelines, number of weeks in academic year should be no less than 26 (026000) and no more than 52 (052000).

Definition for Program Begin Date

Date the student begins enrollment in the program being reported. (not the registration date)

Definition for Special Program Indicator

Flag to indicate that the program belongs to one of the following groups:

- “A” (Special Admission Associate Degree Program)
- “B” (Bachelor’s Degree Completion Program)
- “N” (Not Applicable)
- “P” (Preparatory Coursework Graduate Professional Program)
- “T” (Non-Credential Teacher Certification Program)
- “U” (Preparatory Coursework Undergraduate Program)

For assistance, contact implementation@studentclearinghouse.org.

Note: According to new guidelines, Special Program Indicators and Program Credential Levels must “agree” per the following table:

If Special Program Indicator is	Then Credential Level must be
A – Special Admission Associates Degree Program	02 - Associate’s Degree
B – Bachelor’s Degree Completion Program	03 – Bachelor’s Degree
P – Preparatory Coursework Graduate Professional Program	99 - Non-Credential Program [Preparatory Coursework / Teacher Certification]
T – Non Credential Teacher Certification Program	99 - Non-Credential Program [Preparatory Coursework / Teacher Certification]
U - Preparatory Coursework Undergraduate Program	99- Non-Credential Program [Preparatory Coursework / Teacher Certification]

*Any credential level can have Special Program Indicator “N.”

Definition for Program Enrollment Status

Code for the student’s enrollment status in that program. Values are:

- “F” (Full-Time)
- “Q” (Three-Quarter Time)
- “H” (Half-Time)
- “L” (Less Than Half-Time)
- “A” (Leave Of Absence)
- “G” (Graduated)
- “W” (Withdrawn)
- “D” (Deceased)
- “X” (Never Enrolled) – this would indicate a program was reported in error and needs to be deleted from student record.

Definition for Program Status Effective Date

Program Status Effective Dates must be provided for all program statuses reported on every file submitted.

In the event a student’s status changes during the course of the program, please provide the date of that change, and continue to report that date until the next change in status.

For assistance, contact implementation@studentclearinghouse.org.

Note: Program Status Effective Date cannot be prior to the Program Begin Date

Note: If an X status is present, the Program Status Effective Date should be equal to the Program Begin Date.

Additional Notes on Program Reporting:

- **A program is defined by these fields**
 - **School Code**
 - **CIP Code**
 - **Credential Level**
 - **Published Program Length**
 - **Published Program Length Measurement**
 - **If any of these fields changes a new unique program is created.**
 - **Once a program is reported in an enrolled status, it must be accounted for in the next file for the same term in an enrolled or separated status or an error will be generated.**
 - **Programs are subject to the same rules for calculated separation as campus level records**

EXHIBIT IV **Secure FTP Instructions**

Establishing a secure FTP Account

The National Student Clearinghouse supports secure FTP to safely and securely collect, store, manage, and distribute sensitive information between your organization and the Clearinghouse.

You must establish a Clearinghouse secure FTP account at least two business days before you expect to send your first file. To open an account, please submit the online secure FTP Access Form located on our Web site at www.studentclearinghouse.org/secure_ftp_access.php?co=1. Within two business days, we will contact your designated secure FTP contact with your password and answer any technical questions.

Compressing Your File

You may want to compress your file to minimize secure FTP transmission time. The Clearinghouse will uncompress your file using PKZIP version 2.02T. If you plan to use a different compression utility, contact secureftp@studentclearinghouse.org to determine its compatibility.

Transmitting Your Files via secure FTP

Secure FTP supports the following methods of securely exchanging files with the Clearinghouse:

- Web browser interface
- FTP over SSH (SFTP)
- FTP over SSL (FTPS)

The Web browser interface is a quick, easy method of manually transmitting files. For the Web browser interface, follow the instructions below or refer to Secure FTP Help on the Clearinghouse Help Center at <http://help.studentclearinghouse.org>.

1. From a web browser, go to <https://ftps.nslc.org> (you may want to bookmark this site)
2. Enter your Clearinghouse username and password.
 - Username is NOT case sensitive; password IS case sensitive.
 - Your account will be suspended if you attempt to log in too many times with an incorrect password.
 - If you are logging in for the first time, you may be prompted to change your password. The password rules are:
 - i. Minimum length is six characters
 - ii. Must contain at least one alphabetical and one numerical character
 - iii. Must not resemble your user name
3. Once you are logged in, select "Upload a File Now" and follow the prompts.

For assistance, contact implementation@studentclearinghouse.org.

For automated environments, please refer to the “Configuring Automated Scripts” section under “Configuring Your Secure FTP” in the online Secure FTP Help module available on the Clearinghouse Help Center at <http://help.studentclearinghouse.org>.

Secure FTP File Receipt Confirmation

The Clearinghouse will send a file receipt confirmation to the email address you entered on the online secure FTP Access Form. If you do not receive a confirmation email within 24 hours of transmission, contact us.

Questions?

If you have any questions, or need assistance with secure FTP, contact Clearinghouse technical support at secureftp@studentclearinghouse.org.

For assistance, contact implementation@studentclearinghouse.org.

EXHIBIT V

Sample Functional Requirements Document

ABC University

Prior to programming, we recommend that you write a functional requirements document encompassing your institution's unique enrollment system requirements. The sample below will assist you in writing your own document.

Population Selection Criteria

- All students for the current term being processed who are enrolled or withdrawn, (i.e., enrollment status = 3 for enrolled students or 5 for withdrawn students)
- Replace school-generated IDs and SSNs in 777, 888, 999, or 000 series with "NO SSN"

Field-Specific Processing Criteria

Only needed for fields requiring explanation.

Header Record

- ABC University's OPE ID is "002300"
- ABC University will use branch code = 00, since we have no other branches
- Academic terms are "Fall Semester," "Spring Semester," and "Summer Semester"
- Standard report flag is "Y" for fall and spring; "N" for summer
- Certification date is the date that ABC University certified the enrollment data (may correlate to the file creation date)
- Reporting level is "F" for full (all students)

Detail Record

- Name fields require a parsing routine to split out last, first and middle names
- Enrollment status types are:
 - **F:** Undergraduate students enrolled in 12 or more hours or graduate students enrolled in 10 or more hours for the fall and spring semesters. Graduate or undergraduate students enrolled in six or more hours for the summer semester.
All students in program codes THESIS, STDYABRD, STDNTEACHR, and GRADASSIST.
 - **Q:** Undergraduate students enrolled in nine to 11 hours or graduate students enrolled in six to seven hours for fall and spring semesters.
 - **H:** Undergraduate students enrolled in six to eight hours or graduate students enrolled in four to five hours for the fall and spring semesters. Graduate or undergraduate students enrolled in three to five hours for the summer semester.

For assistance, contact implementation@studentclearinghouse.org.

- **L:** Graduate or undergraduate students enrolled in less than four hours for the fall and spring semesters. Graduate or undergraduate students enrolled in less than three hours for the summer semester.
- **W:** Students with an enrollment status of 5 (withdrawn).
- **G:** Students who have a conferred degree.

- **A:** ABC University has no approved leave of absence and will not use this status.
- **D:** Students with the deceased indicator set on the associated file.

- **Start Date of Current Status**
 - **F:** Do not report start date for this status.
 - **Q:** Start date will only be reported when the status is "Q" and the hours at first term report are 12 or greater, otherwise it will be blank.
 - **H:** Start date will only be reported when the status is "H" and the hours at first term report are nine or greater; otherwise, it will be blank. The date of the earliest "drop" transaction after the 10th day (academic selection) will be used.
 - **L:** Start date will only be reported when the status is "L" and the hours at the first term report are six or greater; otherwise, it will be blank. The date of the earliest "drop" transaction after the 10th day (academic selection) will be used.
 - **W:** The withdrawal date from the enrollment file will be used.
 - **G:** The date that the student completed ABC University's requirements for graduation (**not** the date of the graduation ceremony).
 - **A:** Not used at ABC University.
 - **D:** ABC University has no record of when the student died or was reported as deceased. If exact date of death is unknown, provide the date of notification.

Anticipated Graduation Date Calculations

- Freshman = end of current academic year + 4 years
- Sophomore = end of current academic year + 3 years
- Junior = end of current academic year + 2 years
- Senior < 120 hrs. = end of current academic year + 1 year
- Senior > 120 hrs. = end of current academic year
- Graduate master's program = program start date + 2 years

For assistance, contact implementation@studentclearinghouse.org.

- Graduate doctoral program = program start date + 5 years
- Graduate non-degree = program start date + 1 year
- Undergraduate non-degree = program state date + 2 years

Term Begin and End Dates

- Term Begin Date: Registration date entered in the Academic Center Term file for the term being processed. This date is the first day of classes.
- Term End Date: Term end date entered in the Academic Center Term file for the term being processed. This date is the last day of exams.

General Information

- Directory Block Indicator will be a "Y" if the student has an information block associated with his/her name or attendance dates. Otherwise, it will be an "N."
- CIP Codes will be formatted NNNNNN
- Degree Seeking flag will be set to "Y" if student is in a degree program. Otherwise, it will be an "N."
- High School Code will be formatted NNNNNN
- Program Indicator flag will be set to "Y" if student is enrolled in at least one program. Otherwise, it will be an "N."
- CIP Year will be 2010.
- Trailer Record (self-explanatory; see the Clearinghouse specifications).
- All fields without values will be space filled (not zero filled), except for branch code and trailer fields.
- All date values will be YYYYMMDD.
- Files should be fixed width format.
- ABC University will report to the Clearinghouse at 10th day census and monthly thereafter. The final file for the term will be created and sent two weeks after the last day of finals in order to obtain and report the most accurate graduation data.

Exhibit VI Creating Enrollment Data Files Using Excel

STEP 1: FORMAT COLUMNS A-DE

- Open a new Excel spreadsheet and highlight columns A through DF (columns will appear shaded).
- Under the “Format” menu, select “Cells”
- On the number tab of the “Format Cells” window, select “Text” and click “OK”

STEP 2: ENTER HEADER ROW COLUMNS A-G IN ROW 1

- Provide details in each column as outlined in Header Record Layout table in Exhibit II
 - Example:
 - Column A =
 - Use **A3** for regular enrollment files such as Early Registration, First of Term, Subsequent, Grads Only, and Summer
 - Use **P3** for advanced registration files for use with Student Self-Service
 - Column B = Your **6-digit school code** (e.g., 001234)
 - Column C = Your **2-digit branch code** (if you don’t know it, enter 00)
 - Column D = Academic term you are reporting (e.g., **Spring 2005**)
 - Column E = Standard report flag. Enter **Y** if standard report (no special handling); enter **N** if non-standard report or advanced registration records
 - Column F = Certification date in **YYYYMMDD** format (e.g., 20070115). The date cannot be in the future.
 - Column G = Use **F** (full reporting level) for enrollment and advanced registration records. — To add records to advanced registration data that you have already provided, use A. — To send a full report each time for advanced registration, leave reporting level at F
 - Leave columns H through DE blank

STEP 3: ENTER DETAIL ROWS, COLUMNS A – DE IN ROW 2 (one row per student)

- Provide details in each column as outlined in Detail Record Layout table in Exhibit II
 - Each field will be a separate column (see header record above for example)

For assistance, contact implementation@studentclearinghouse.org.

- Columns A – DE must be present even if blank

STEP 4: ENTER TRAILER ROW INFORMATION FOR COLUMNS A-K IN LAST ROW

- Provide details in each column as outlined in Detail Record Layout table in Exhibit II
 - Each status or record count would be a separate column.
- Leave columns L through DE blank

STEP 5: SAVE YOUR FILE IN TEXT TAB DELIMITED FORMAT

- In Excel 2007, select “Save As” from the “Office Button” menu (in earlier versions of Excel, “Save As” is under the File menu on the main toolbar)
- On the “Save As” window, select the drive and/or directory where you would like to save the file
- Enter a file name (your school code should be part of the file name)
- Select “Text (Tab delimited) (*.txt)”
- Click “Save.” Your file will be saved as a **text tab-delimited** file in the location you selected.
- **PLEASE save your file as text tab delimited. Saving and sending any other format will cause technical difficulties that will delay the set up and processing of your file.**

STEP 6: SUBMIT YOUR FILE

- Go to <https://ftps.nslc.org> to transmit your file to the Clearinghouse via your Secure FTP account. If you do not have a Secure FTP account, visit www.studentclearinghouse.org/secure_ftp_access.php?co=1 or email us at implementation@studentclearinghouse.org.
- **IMPORTANT: Do NOT email your files; emailing is not a secure method of transferring data.**

For assistance, contact implementation@studentclearinghouse.org.

Exhibit VII
File Types for Enrollment Reporting

Submission Type	How to schedule	Notes
Early Registration	<p>This optional transmission can be submitted up to 30 days before the term begin date, but not more than 10 days after it. To avoid potential NSLDS Enrollment Roster Errors, we strongly advise schools to submit these transmissions on or after the FIRST DAY OF THE TERM.</p> <p>*As certifying prior to the term begin can cause errors w/ NSLDS due to future status start dates, we encourage reporting the ER file on the FIRST DAY of the term to ensure new students or students w/ a new status or new program do not have a certification date prior to the begin date of status or program.</p>	<p>Standard report flag set to "N". Recommended for Standard (required) terms only. This file provides a preview of the upcoming term, and provides existing students with the benefit of early notification to lenders/servicers/guarantors.</p> <p>*If you need to have data loaded prior to the term begin for Student Self Service purposes, consider Advance Registration transmission type.</p>

For assistance, contact implementation@studentclearinghouse.org.

<p>First of Term</p>	<p>Should be submitted 2-3 weeks into the term, or right after add/drop period, but not greater than 30 days into the term.</p>	<p>Standard report flag set to "Y." This file provides the first official status report for the term. New students or students with new enrolled statuses will have status start date set to current term begin date at the campus level. File will compare to prior submission(s): Students with open enrollment from the previous term in F,Q,H,L, or A status and NOT present on the First of Term submission will have separation calculated to Withdrawn and status start date set to previous term end for F,Q,H, or L, and status start date set to Leave of Absence start date for A statuses. Calculation is for both the campus and program levels.</p>
<p>Subsequent of Term</p>	<p>Multiple transmissions sent after First of Term through term end.</p>	<p>Standard report flag set to "Y." File will compare to the previous submission loaded to CH database in attempt to determine students are missing or if change dates are required for status changes at the campus level, or if programs are missing at the program level.</p>
<p>Graduates Only</p>	<p>Transmissions containing graduates. "G" status only.</p>	<p>Standard report flag set to "N." Does not compare to previous submission(s). File type name is misnomer - can include other statuses such as enrolled at campus level and G status at program level only, or</p>

For assistance, contact implementation@studentclearinghouse.org.

		unofficial withdrawals or academic dismissals (W statuses)
Summer-First	First summer transmission.	Standard report flag set to "N." Does not compare to previous submissions for errors or calculation of separation.
Summer-Subsequent	Transmission sent at the end of the summer.	Standard report flag set to "N." Only compares to previously reported Summer term submission to determine changes within this term.
History	Transmissions obtained before going live with the clearinghouse.	Standard report flag set to "Y." To submit historical data PRIOR to loading current term information in process of implementing CH Enrollment Reporting Services.
Non-compulsory & Non-Summer	Transmissions that are non-standard such as January "J" term and interims.	Standard report flag set to "N." Does not compare to previous submission(s).
Advance Registration	Transmissions for pre-enrollment of students.	Standard report flag set to "N." For Student Self Service only, does not load to active portion of CH database used for compliance reporting.

For assistance, contact implementation@studentclearinghouse.org.

Exhibit VIII Errors and Warnings Associated with Campus Level Records

Errors presented in RED on the Error Resolution Report on the Web, must be remedied prior to data file being loaded to the Clearinghouse database. Please know that only ONE error will be presented at a time for a record, so if multiple errors are present, after submitting for validation it is possible another error may be reflected.

Type	Number	Description	Explanation	Remedy
Error	2	Duplicate SSN	Each student SSN should appear only one time in a data file. Generally presented for review as file will need to be resubmitted due to correction being manual on part of CH Analyst.	
Error	3	SSN not numeric	Social Security Number must be 9 numeric digits unless "NO SSN" is reported.	Correct SSN or enter NO SSN if Student ID is also reported.
Error	4	Invalid enrollment status	Status Reported at campus level is not F, Q, H, L, A, G, W, or D .	Correct Status to one of approved values.
Error	5	AGD invalid date	Anticipated Graduation Date provided is not a valid date.	Correct AGD to a valid date.
Error	6	Anticipated Graduation Date Required	Anticipated Graduation Date provided is not provided on F, Q, H, or A status record.	Populate AGD.
Error	8	Invalid status start date	Status Start Date is not a valid date.	Correct SSD to a valid date.
Error	9	SSN 000-00-0000 is invalid	Not a valid value per Social Security Administration guidelines.	Correct SSN or enter NO SSN if Student ID is also reported.

For assistance, contact implementation@studentclearinghouse.org.

Error	12	Non-trivial numeric last name	Number appears in first three characters of last name.	Correct Last Name.
Error	13	Last name blank	Last Name is required.	Populate Last Name.
Error	14	Previous SSN not numeric	Social Security Number must be 9 numeric digits.	Correct or delete previous SSN.
Error	15	Previous SSN = SSN within submission table	SSN reported as student's previous ID is included in the submission as a primary SSN for another record.	Correct or delete previous SSN.
Error	16	Term begin date blank/invalid date	Term Begin Date is required.	Populate Term Begin Date
Error	17	Term end date blank/invalid date	Term End Date is required.	Populate Term End Date
Error	20	Term begin date after term end	Term begin Date must be before Term end Date.	Correct Term Begin or Term End Date as appropriate.
Error	22	Status start date present	Status Start Date is present on campus level Full time record.	Null Campus Level Status Start Date
Error	23	Invalid non-compulsory term status	Only F, Q, H, & G, statuses are considered valid for an Early Registration File.	
Error	26	Term begin date prior to 1991	Term begin date predates Clearinghouse.	Correct Term Begin Date or set date to 1/1/1991.
Error	27	Term end date more than 5 years after cert date	Term is too long	Correct term end date.
Error	29	Duplicate College Student IDs w/o SSN	College Student ID should appear only one time in data file.	Confirm students' correct IDs and correct
Error	30	Blank or Invalid SSN and/or College Student ID	SSN is blank or not valid and no College Student ID is present	Correct SSN or enter College Student ID
Error	31	SSN 999-99-9999 invalid	Not a valid value per Social Security	Correct SSN or enter NO SSN if

			Administration guidelines.	Student ID is also reported.
Error	32	Invalid school code in the Move To OPEID field	Move To OPEID value must be 8 numeric digits. Cannot be 00000000 or 99999999, and digits 2 through 6 should match digits 2 through 6 of the reporting school's OPEID.	Correct to valid school and branch code or remove value.
Error	201	Decreasing status without new start date	Status Start Date is required if there is a DECREASE in status during the same term/reporting period.	Populate the Status Start Date with the date the status change was effective.
Error	203	Invalid Start Date, Prior LOA Status		
Error	204	Term conflict decreasing status	Status has decreased, and term begin or end date has changed during same term/reporting period.	Confirm term dates and populate the Status Start date with the date the status change was effective.
Error	205	Status start date not computed	Frist time student has been reported, is in W status and no status Start Date is included.	Populate the Status Start Date. May require follow up correction if enrollment for student prior to withdrawal is needed.
Error	206	Future status start date	Status Start Date is after the Certification Date and file type is not Early Registration.	Correct Status or Status Start Date.
Error	207	Status start date required	Status reported is A, W, G, or D and no Status Start Date is included.	Correct Status or populate Status Start Date.

For assistance, contact implementation@studentclearinghouse.org.

NATIONAL STUDENT CLEARINGHOUSE ENROLLMENT REPORTING PROGRAMMING & TESTING GUIDE

Warning	86	It appears that your institution is reporting the same student under multiple SSNs		Review: If same student, determine which SSN is correct and request incorrect record be rejected. If not same student, determine for whom SSN is correct, and update SSN for OTHER student to their correct SSN, or indicate NO SSN if College Student ID has been reported.
Warning	89	Country is US for FO State		Correct Country or State as is appropriate.
Warning	251	Non-trivial name mismatch to member data - Your institution has transmitted a student using a Social Security number that was provided by a member for another student.	Lender, Servicer, or Guarantor has reported same SSN with different First Name/Last Name/DOB combination. Record will be reviewed internally by CH Analyst and if determined to be for different students, will be rejected by the "newer" entity reporting the record.	This will not be presented on Error Resolution Report, however will be visible on Rejected Records Report after submission has been merged.
Warning	252	Term date conflict	Term Begin or Term End date reported for same term/enrollment period has changed.	Correct date as is appropriate or confirm date change was intentional to correct dates reported in error.

For assistance, contact implementation@studentclearinghouse.org.

NATIONAL STUDENT CLEARINGHOUSE ENROLLMENT REPORTING PROGRAMMING & TESTING GUIDE

Warning	253	Name conflict with prior school for same SSN - Your institution has transmitted a student using a Social Security number that was provided by another school for another student.	Your or another school has reported same SSN with different First Name/Last Name/DOB combination. Record will be reviewed internally by CH Analyst and if determined to be for different students, will be rejected by the "newer" entity reporting the record.	This will not be presented on Error Resolution Report, however will be visible on Rejected Records Report after submission has been merged.
Warning	266	SSN fails validation - The Social Security Number provided is not valid according to the Social Security Administration.		Record will be updated to NO SSN if College Student ID is present, or rejected if No CSID is present.
Warning	275	Graduation date not equal to term end date	Status start date for G status should reflect last attendance date, not ceremonial/conferral date. Graduating a student before the term ends may affect their grace/repayment date.	Correct Status Start Date if appropriate.
Warning	278	Invalid Start Date, Prior LOA Status	Reporting Withdrawn following Leave of Absence status. Status start date should be same as date LOA started.	Correct Status Start Date.

For assistance, contact implementation@studentclearinghouse.org.

Warning	289	Name mismatch to member data, previously rejected-Your institution has transmitted a student using a Social Security number that was provided by a member for another student.	Lender, Servicer, or Guarantor has reported same SSN with different First Name/Last Name/DOB combination, and record has been rejected from previous submissions from your school. Record will be reviewed internally by CH Analyst and if determined to be for different students, will be rejected by the "newer" entity reporting the record.	This will not be presented on Error Resolution Report, however will be visible on Rejected Records Report after submission has been merged.
Warning	290	Name conflict with prior school, previously rejected-Your institution has transmitted a student using a Social Security number that was provided by another school for another student.	Your or another school has reported same SSN with different First Name/Last Name/DOB combination, and record has been rejected from previous submissions from your school. Record will be reviewed internally by CH Analyst and if determined to be for different students, will be rejected by the "newer" entity reporting the record.	This will not be presented on Error Resolution Report, however will be visible on Rejected Records Report after submission has been merged.

Online Updates for Enrollment Records

In the event a student record needs to be added or corrected in between reporting cycles, there is an online update utility on the Clearinghouse website.

- Log on to Clearinghouse website at <http://www.studentclearinghouse.org/> with User ID and password.

- Under Student Lookup, enter student SSN or College Student ID and click Search
 - Select Update Student Record
 - If no record for student exists at your school, select to Add Student

- Update Student Record
 - Different Options will display depending on student's current status
 - If in enrolled status (F, Q, H, L, or A)
 - Update DOB, AGD or Director Block Indicator
 - Student has Withdrawn – you will need to be sure to address the program level information as well
 - Student has Graduated
 - Update College Student ID, Primary CIP, Primary Major, Class and/or Middle Name
 - Update CommIT, Veteran Status, Pell Recipient, Remedial Course, and/or Citizenship
 - Update Program Indicator and/or Program Information
 - Other Changes – will allow changes to any field, with some restrictions on status
 - If in separated status (W, G, or D)
 - Update DOB or Directory Block Indicator
 - Re-Enroll Student
 - Other Changes
