

Reverse Transfer

Award students
the degrees
they've earned!

The National Student Clearinghouse has the only national solution for reverse transfer. Join us in changing students' lives!

What Reverse Transfer Means to Students:

- Qualify for better paying jobs
- More likely to complete a bachelor's degree
- Less likely to default on student loans
- Milestone accomplishment reflecting achievement they earned

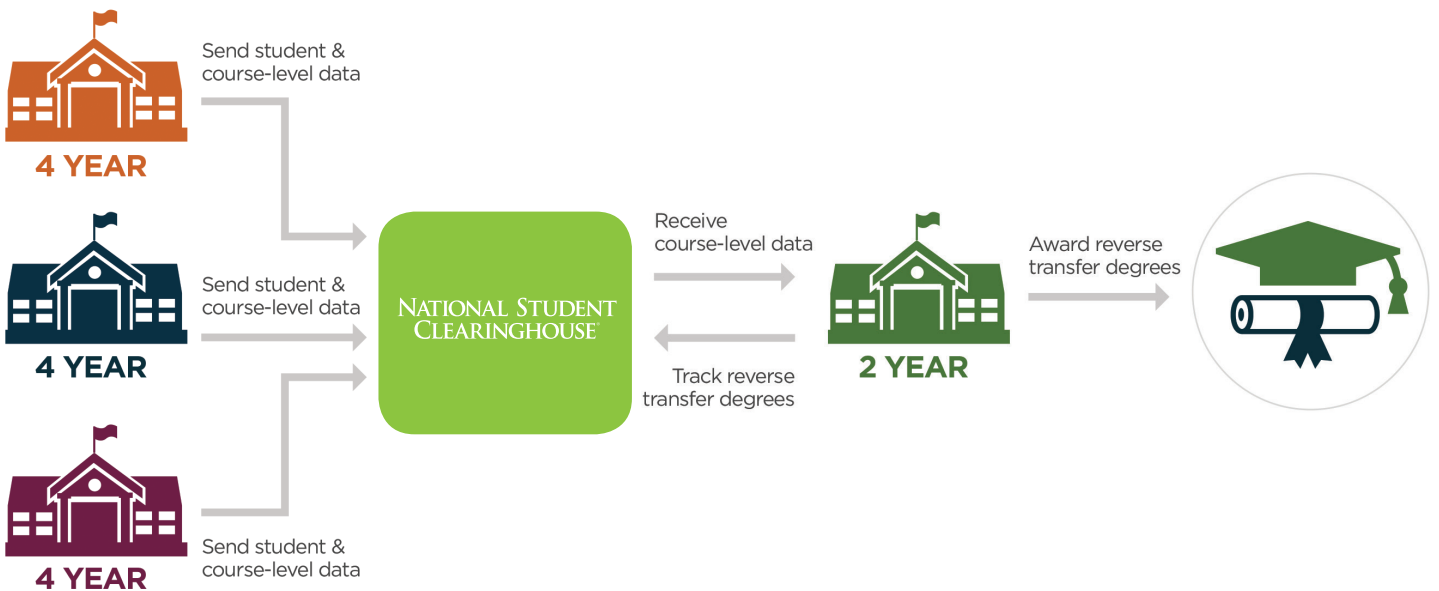

What Reverse Transfer Means to Institutions:

- Increase in both two- and four-year graduates
- Potential to qualify for more funding
- Improved relationships between two- and four-year institutions
- Opportunity to be student centered with life-changing results

How Does Reverse Transfer Work?

Reverse Transfer is a secure automated national solution for exchanging unlimited course/grade data across public, private and state lines.

It doesn't matter if the student transferred to another associate degree granting or bachelor's level institution first, attended public or private institutions, or transferred across state lines. **If eligible, the student is awarded an associate degree.**
